16+ YEARS · IT / UI UX DESIGN & DEV

PROFILE

A **BFA-trained** visual designer turned **UI/UX leader** — 16+ years building intuitive, high-end interfaces for web, mobile & desktop across fintech, retail and capital markets.

Creative and detail-oriented UI/UX Designer experienced in designing user-centric web and mobile applications. Skilled in user research, wireframing, prototyping, responsive UI design and usability testing — proficient in Figma, Adobe XD and modern design systems to craft intuitive digital experiences aligned with business goals. A strong collaborator with developers, product managers and stakeholders to improve user satisfaction and product usability.

EXPERIENCE
